CASE OF 6 LED BEACONS SYNCHRONIZABLE - ORANGE

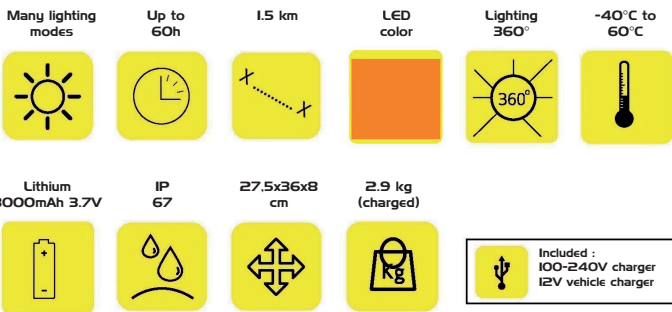

EMERGENCY LIGHTING EQUIPMENT

The K-Sign BSS6-O case for rechargeable, synchronizable orange LED beacons is a rapid-deployment signaling device. Made from sturdy, waterproof, and impact-resistant plastic, it allows you to transport and recharge 6 beacons.

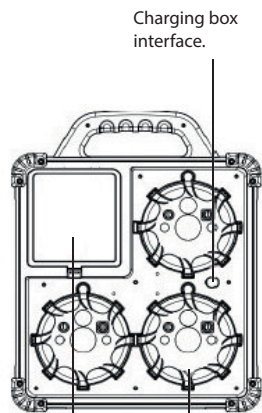

Each beacon turns on automatically as soon as it is removed from the case and communicates with the others. Using a simple two-button control, you can choose from several orange lighting modes.
