

# DF360 6K - K-Light

Réf : PR42-DF360-6K

**360° LED FLOODLIGHT 6 000 LUMENS  
GLARE-FREE**

## MULTIPLE APPLICATIONS PROJECTOR

The DF360 K-Light is a work-light specifically designed to illuminate an entire room 360 degrees. It produces a pleasantly diffused light that is glare-free, uniform and widely dispersed.

Its many advantages are appreciated by any demanding professional who wants powerful and efficient lighting for large areas, but also for the entire room where work is being done. The DF360 6K projector offers a powerful light output of 6,000 lumens.

Extremely robust, IK07, it resists falls.

The DF360 6K K-Light can be placed on the floor, on a workstation, or hung anywhere with its strong hook.

The optional tripod offers flexible lighting solutions and the projector can be directly hoisted up to a height of 3 meters.

This projector also has a 2P+T clamshell socket which can be connected in series or used as a power source for various tools and machines.

## TECHNICAL DATA

- Number of LEDs : 168
- Power : 6 000 lumens
- Lighting : 3000 lux @0.5m
- Lighting angle : 360°
- Cable : 5 meters 3x1,55 mm<sup>2</sup> H07RN-F
- Voltage : 100-240V AC 50-60Hz
- Power consumption : 45W
- IK07
- IP54
- Connection : 1 flap socket 2P+T 16 A
- Energy class : D
- Weight : 2.95 kg
- Dimensions : 305x199 mm
- Material warranty : 3 years
