

DR360-10K-C - K-Light

Compatible

10,000 LUMENS 360° PROJECTOR
Compatible **MULTI-BRAND**

PR42-DR360-10K-C

RECHARGEABLE DOME & BLUETOOTH

Give your teams truly professional, high-performance lighting with the DR360-10K-C. This dome projector delivers a uniform light output of up to 10,000 lumens, ideal for efficiently illuminating large work areas even in tough conditions.

Choose between 360° or 180° light diffusion to suit your task: the perfect flexibility for any environment. The built-in 5-level dimmer lets you easily adjust brightness as needed.

The DR360-10K-C is compatible with METABO/CAS 18V batteries and most 18V/20V power tool batteries from major brands using our optional connectors.

It also features a built-in backup battery and can be powered via mains with the PR42-ALIM-C (optional).

Take full control remotely with our Bluetooth app : switch the light on or off and adjust brightness straight from your smartphone.

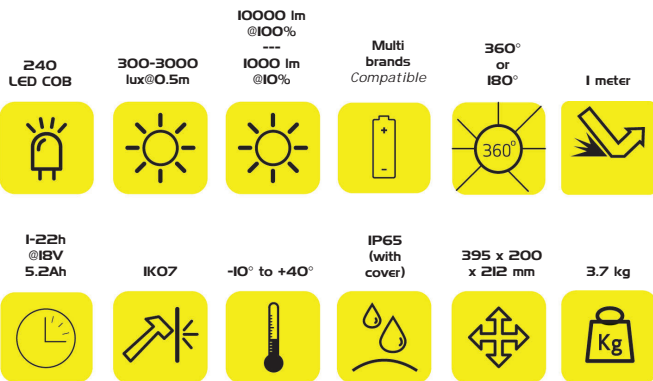

Finally, installation is easy thanks to the integrated hanging hook, or you can mount it on the PR42-TRIPOD (optional) for optimal positioning.

TECHNICAL SPECIFICATIONS

- Source : 240 high performance COB LED
- Power over 360°, 5 levels :
 - 10000 lm @100%
 - 7500 lm @75% @75
 - 5000 lm @50
 - 2500 lm @25
 - 1000 lm @10
- Lux@0.5m : 300-3000
- Power consumption : 84W
- Multi-brand compatibility: compatible with METABO/CAS 18V batteries and other 18V/20V batteries using connectors.
