

# LSR180 - K-Light

PR41-LSR180

## RECHARGEABLE SIGNAL LIGHT 180 LUMENS

### VERSATILE LIGHTING EQUIPMENT

Our LSR180 light offers 5 lighting modes to meet different signage needs.

Small and lightweight, it's easy to transport and install.

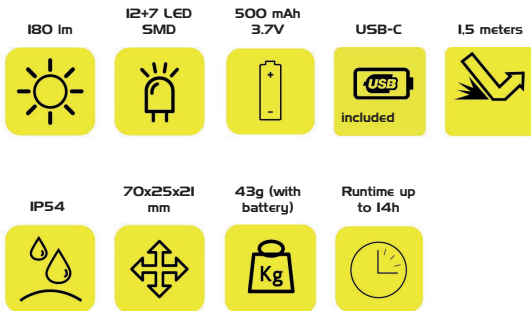

It has multiple functionalities. It can be used as a shoulder light or as a bike light, thanks to its included accessories.

The dual red and blue light promises an excellent warning effect.

IP54-rated, our LSR180 lamp can be adapted to a variety of environments.
