

LSTR1500 - K-Sign

PR41-LSTR1500

LED SIGNAL TRICOLOR LIGHT WITH CONE

3-COLOR SIGNAL LIGHT

Designed for law enforcement, security agents, and military personnel, the LSTR1500 K-Sign combines power, visibility, and efficiency.

Featuring three lighting colors (white, green, and red) and an intensity of up to 1500 lumens, it adapts to all situations thanks to its different lighting modes.

Its side button and slide switch allow for quick and intuitive mode changes.

The included white silicone cone diffuses omnidirectional light, ideal for signaling, traffic control, or emergency marking.

The LSTR1500 comes with a complete accessory pack: reinforced nylon case, paracord strap, 21700 battery (5000mAh), charging cable, 18650 adapter, and more.

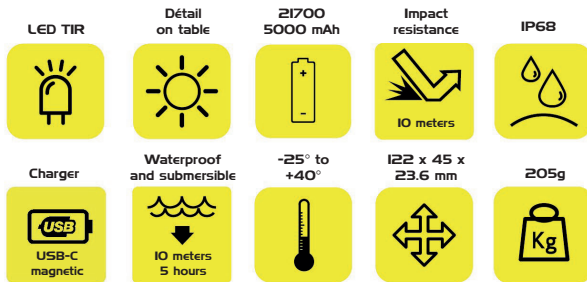

Ultra-durable, it is completely waterproof (IP68) against water, dust, and dirt.

TECHNICAL DATA

- LED TIR
- LED lifetime : 50,000 hours
- Modes : 5 modes vs color
- Lighting: white, red, and green
- Battery: 1 x 21700 5000mAh included
- Maximum runtime at full power: 5h30 minutes (see detailed table by mode)
- Charging time: 5h20
- Materials: aluminum alloy
- Dimensions: 122 mm x 45 mm x 23.6 mm
- Weight: 205g (with battery)
- IP68 standard: waterproof up to 10m for 5h
- Operating temperature: -25° / +40°C
- Material warranty: 5 years

CONTENT

- K-Sign LSTR1500 lamp
- One 21700 Li-Ion 5000 mAh battery
- A18650 battery adapter
- The magnetic fast USB-C charger
- A nylon case
- A paracord strap
- One silicone cone
- Two replacement O-rings
- The user manual
