

PR4K-C - K-Light

Compatible

PR42-PR4K-C

RECHARGEABLE PROJECTOR

Compatible MULTI BRANDS

CASE & BLUETOOTH BATTERY SYSTEM

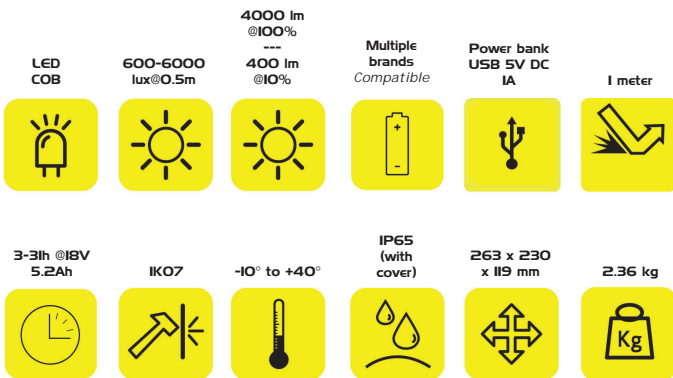

The K-Light PR4K-C spotlight combines power, robustness, and flexibility. With its 4000 lumens, it guarantees high-performance lighting, ideal for the most demanding professionals.

Compatible with the METABO/CAS 18V battery system and most 18V/20V batteries from major brands (via our optional connectors), it adapts to all your tools. Its PR42-ALIM-C power supply (optional) allows unlimited use of the device when plugged into the mains. An integrated backup battery ensures continuous light in all circumstances. The integrated display shows the battery life and brightness, and its integrated dimmer allows you to adjust the light output to 5 different levels.

Thanks to Bluetooth, you can control up to four projectors simultaneously via your mobile device. Can be mounted on the Prolutech PR42-TRIPOD tripod (optional).

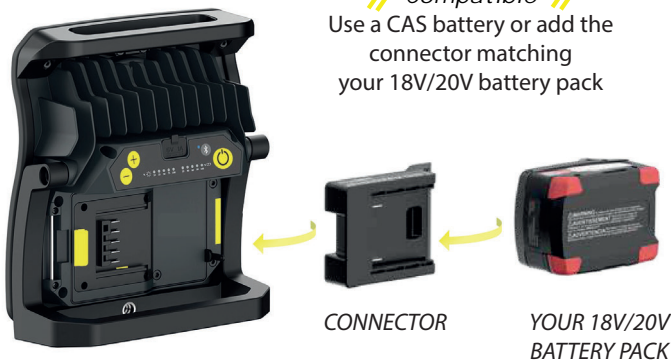

TECHNICAL CHARACTERISTICS

- Source: LED COB high performance
- Power according to 5 levels:
 - 4000 lm @100%
 - 3000 lm @75%
 - 2000 lm @50%
 - 1000 lm @25%
 - 400 lm @10%
- Lux@0,5m: 600-6000
- Power consumption : 30W
- Multi-brand battery compatibility:
 - Compatible METABO/CAS 18V battery system and all other 18V/20V batteries using connectors
 - CRI: Ra > 80
 - T° colour: 6000K
 - Main beam angle: 110°
 - Battery life: 3-31h on 18V 5.2Ah battery
 - Backup battery: 2.5h @400lm
 - Protection ratings: IK07 / IP65 with battery cover
 - Operating temperature: -10° to +40°C
 - Impact resistance: 1 meter
 - Dimensions: 263 x 230 x 119 mm
 - Weight: 2.35 kg
 - Warranty: 3 years
