

RL1000-E50 - K-Light

Réf : PR42-RL1000-E50

50-METER 220V LED STRIP LIGHT ON REEL

230V LED strip with integrated power supply. Direct connection to mains power, no external transformer required.

50-METER LED STRIP LIGHT ON REEL

The RL1000-E50 K-Light LED strip mounted on a reel provides continuous, powerful, and uniform lighting.

It offers a lighting power of 1,000 lumens per meter, or 50,000 lumens in total. Thanks to its integrated reel, it is easy to transport and install, while providing excellent resistance to impact and weather conditions.

The strip can be cut every meter.

TECHNICAL SPECIFICATIONS

- Type: high-voltage construction tape on reel with handle
- Use: indoor and outdoor lighting
- Double-row LED, 180 LEDs per meter
- Tape length: 50 meters
- Luminous flux: 1000 lumens/m
- Power: 11W/m
- Beam angle: 120°
- Color temperature: 4000K
- Average lifespan: 30,000 hours at 25°C
- Voltage: 200-240V AC - 50-60 Hz
- Connection: 1.5m H05RN-F 220/240V AC cable (plug included)
- LED type: SMD2835 0.2W
- Diffuser/reflector type: transparent
- Tape can be cut every meter
- Mounting type: surface, wall, floor
- Driver type: CE
- Safety: IP67/IK10
- Operating temperature: -15°C to +40°C
- Packaging dimensions: 290x230x440 mm
- Certificates: TUV CE/ETL/ERP/Reach
- Weight: 6.3 kg
- Material warranty: 2 years
