

TR520 - K-Light

Réf : PR41-TR520

**LIGHT AND COMPACT LAMP
520 LUMENS**

RECHARGEABLE MINI FLASHLIGHT

The K-Light TR520 is a very small compact lamp with a high performance Cree XT-E LED that produces 520 lumens.

It is powered by a 14300 Li-ion battery with a capacity of 520 mAh with charge indicator. Its micro USB charging system is integrated into the battery.

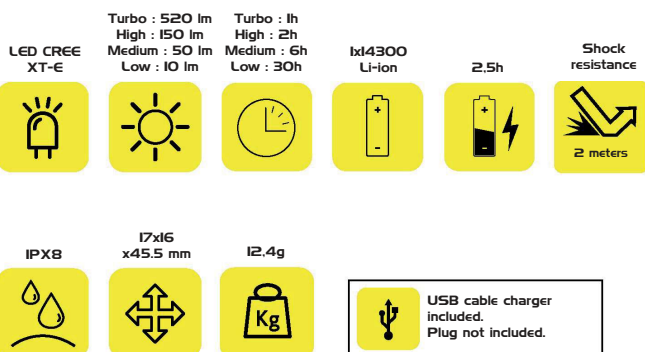

The lamp is made of black anodized aluminum.

Small and extremely light (12.4 grams) it can be carried or slipped anywhere, and even has a pocket clip, perfect for everyday carry.

La lampe est résistante à l'eau et aux chocs de 2 mètres.

The lamp is waterproof and shockproof to 2 meters.

The TR520 lamp is delivered with a pocket clip, its battery 14300 520mAh, 2 O-rings, the user manual and the USB charging cable.
