

TR1100 - K-Light

PR41-TR1100

LED RECHARGEABLE FLASHLIGHT WITH VARIABLE FOCUS

VARIABLE FOCUS FLASHLIGHT

The TR1000 K-Light is a powerful flashlight with a variable focus.

Compact, practical and functional, it delivers up to 1100 lumens depending on the mode used.

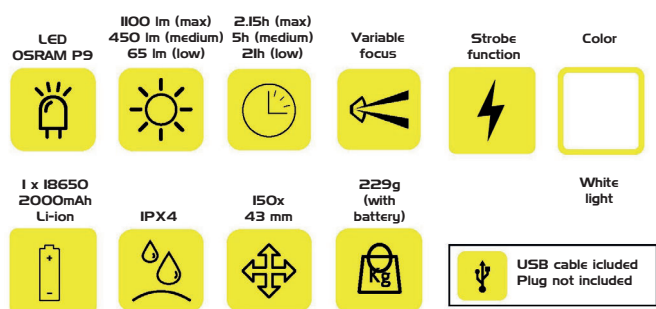

You'll particularly appreciate its various operating modes, zoom and strobe functions.

Its 2000mAh 18650 Li-ion battery can be recharged via USB-C, and offers a runtime of up to 21 hours at low flux.

Our TR1100 K-Light is elegant, 15 centimetres long and very light : just 229 grams.
