

TR2400 - K-Light

PR41-TR2400

**HIGH PERFORMANCE LAMP
LED 2400 LUMENS**

MULTIFUNCTION FLASHLIGHT

This flashlight from the K-Light Prolutech range is specially designed for many activities requiring a very reliable and powerful light source. Ultra powerful thanks to its LED CREE XHP50.2/TIR, the TR2400 offers a brightness up to 2400 lumens.

Powered by an 18650 Li-ion battery, it is rechargeable through its magnetic USB port.

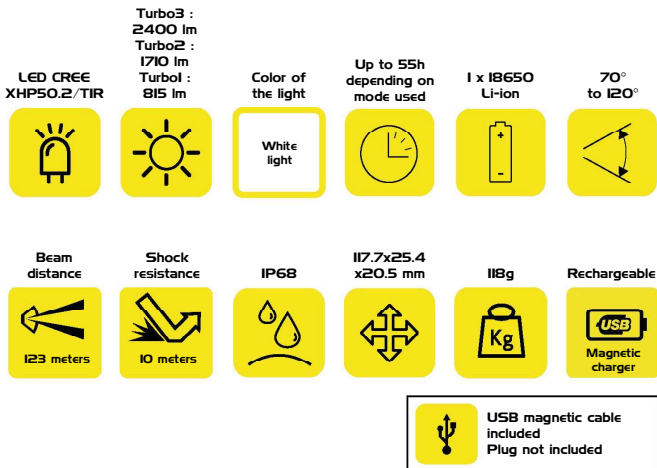

The TR2400 is waterproof and dustproof and works even at a depth of 10 meters.

Thanks to its powerful built-in magnet, it can be attached to any magnetic support.

Particularly compact and light, it will adapt to all your requirements.
